

Join The Friends of Barnet!

The Friends of Barnet is a community organization dedicated to fostering the relationship between Montclair, NJ, USA and our sister city, the London Borough of Barnet, UK. Originally forged amidst the Second World War, the relationship between Montclair and Barnet, UK became an official town twinning in 1981. Children from Finchley in the London borough of Barnet were evacuated to live in Montclair, NJ, USA. To commemorate that event, the FOB and our sister organization, the Friends of Montclair, exchange both high school students and adults as part of a cultural exchange program on a regular basis.

This year we will continue our British Film Series movie nights, our 7th Annual Guy Fawkes Fish & Chips and Trivia Night, Robert Burns' birthday celebration, and many more events. We are completing a student exchange, and we are currently fundraising and planning for our 75th Anniversary celebrations and 2019 Adult Exchange!

Please join us for all the fun and festivities!
